### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The claims are allowable for the reasons made clear during the prosecution of the allowed application of which this is an RCE application. The claims have not been amended. Additionally, the present amendments to the title and specification are not considered to contain new matter. The deletion of "window" in the title and "top" in the detailed description section as well as the addition of terms "support" and "base" are accepted. The subject of Figs. 1-4, to which the amendments to the specification are directed, are directed to "conventional" window Venetian blinds and a horizontal pleated blind cover system. It is clear from the description and the drawings that the amendments are directed to these types of devices.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
